Digital Advance Care Plans

Suitable for:

- Entering Residential Care, Home Care or NDIS.
- Dealing with a terminal or life limiting diagnosis.
- All people at risk of developing dementia.
- Elderly people and their families.

Introducing the easiest way to create, store, share, and locate advance care plans - digitally.

- TLC advance care plans are securely stored, and readily shared for certainty about your end-of-life wishes, in a heartbeat.
- Use the easy guided questionnaire to create your plan or upload a form that you choose.
- Automatically share with Trusted Contacts ahead of need so your plan is instantly available at the time of need.
- Anywhere, anytime, any device.
- Including by QR code.
- No more panicked searching for paper files.
- Reduce stress and conflict and bring peace of mind to your family and loved ones.
- Your family will thank you for it.
